

First Aid Policy

This policy applies to St Giles Nursery School and St Giles Nursery School pre2s.

The aims of our first aid policy are to:

- Ensure the health and safety of all staff, pupils and visitors
- Ensure that staff and governors are aware of their responsibilities with regards to health and safety
- Provide a framework for responding to an incident and recording and reporting the outcomes

Legislation and guidance

This policy is based on the Statutory Framework for the Early Years Foundation Stage, advice from the Department for Education on first aid in schools and health and safety in schools, and the following legislation:

- The Health and Safety (First Aid) Regulations 1981, which state that employers must provide adequate and appropriate equipment and facilities to enable first aid to be administered to employees, and qualified first aid personnel
- The Management of Health and Safety at Work Regulations 1999, which require employers to make an assessment of the risks to the health and safety of their employees
- The Management of Health and Safety at Work Regulations 1999, which require employers to carry out risk assessments, make arrangements to implement necessary measures, and arrange for appropriate information and training
- The Reporting of Injuries, Diseases and Dangerous Occurrences Regulations (RIDDOR) 2013, which state that some accidents must be reported to the Health and Safety Executive (HSE), and set out the timeframe for this and how long records of such accidents must be kept
- Social Security (Claims and Payments) Regulations 1979, which set out rules on the retention of accident records
- The School Premises (England) Regulations 2012, which require that suitable space is provided to cater for the medical and therapy needs of pupils

Roles and responsibilities

After an assessment of first aid needs – we ensure that we have a sufficient number of suitably trained first aiders to care for employees and pupils in case they are injured.

During coronavirus or other pandemic situations : we must use our 'best endeavours' to ensure 1 person with a full PFA certificate is on site when children aged 2 to 5 are present. If after taking all possible steps in our power we are still unable to secure a staff member with a full PFA certificate, we must carry out a written risk assessment and ensure someone with a current first aid at work or emergency PFA certification is on site at all times when these children are.

The school's appointed persons are; Amy Stancer, Emma Bostock, Michelle Powell, Wendy Harrison-Massam, Helen Barter. They are responsible for:

- Taking charge when someone is injured or becomes ill
- Ensuring there is an adequate supply of medical materials in first aid kits, and replenishing the contents of these kits
- Ensuring that an ambulance or other professional medical help is summoned when appropriate

First aiders are trained and qualified to carry out the role and are responsible for:

- Acting as first responders to any incidents; they will assess the situation where there is an injured or ill person, and provide immediate and appropriate treatment
- Sending pupils home to recover, where necessary
- Filling in an injuries log on the same day, or as soon as is reasonably practicable, after an incident.

All teaching staff within the nursery are first aid trained or awaiting training. A majority of all administrative staff and housekeeping are also first aid trained.

The Governing Body

Lincolnshire Local Authority has ultimate responsibility for health and safety matters in the school, but delegates responsibility for the strategic management of such matters to the school's governing board.

The governing body delegates operational matters and day-to-day tasks to the headteacher and staff members.

Head Teacher

The Headteacher is responsible for:

- Ensuring that an appropriate number of trained first aid personnel are present in the school at all times
- Ensuring that first aiders have an appropriate qualification, keep training up to date and remain competent to perform their role
- Ensuring all staff are aware of first aid procedures
- Ensuring appropriate risk assessments are completed and appropriate measures are put in place
- Ensuring that adequate space is available for catering to the medical needs of pupils
- Reporting specified incidents to the HSE when necessary

Staff

School staff are responsible for:

- Ensuring they follow first aid procedures
- Ensuring they know who the first aiders in school are
- Completing an injuries log for children/Accident book for staff, for all incidents they attend to where a first aider is not called

- Informing the headteacher or Team Leader of any specific health conditions or first aid needs

First aid procedures

In the event of an accident resulting in injury:

- The closest member of staff present will assess the seriousness of the injury and seek the assistance of a qualified first aider, if appropriate, who will provide the required first aid treatment
- The first aider, if called, will assess the injury and decide if further assistance is needed from a colleague or the emergency services. They will remain on scene until help arrives
- The first aider will also decide whether the injured person should be moved or placed in a recovery position
- If the first aider judges that a pupil is too unwell to remain in school, parents will be contacted and asked to collect their child. Upon their arrival, the first aider will recommend next steps to the parents
- If emergency services are called, the office will contact parents immediately
- The staff member witnessing the incident will complete an accident report form and investigation on the same day or as soon as is reasonably practical after an incident resulting in an injury

Off-site procedures

When taking pupils off the school premises, staff will ensure they always have the following:

- A school mobile phone
- A portable first aid kit
- Information about the specific medical needs of pupils
- Parents' contact details

Risk assessments will be completed by a Teacher or Early Years Educator prior to any educational visit that necessitates taking pupils off school premises.

There will always be at least two first aider with a current paediatric first aid certificate on school trips and visits, as required by the statutory framework for the Early Years Foundation Stage.

First aid equipment

A typical first aid kit in our school will include the following:

- A leaflet with general first aid advice
- Regular and large bandages
- Eye pad bandages
- Triangular bandages
- Adhesive tape
- Safety pins
- Disposable gloves
- Antiseptic wipes
- Plasters of assorted sizes

- Scissors
- Cold compresses
- Burns dressings

No medication is kept in first aid kits.

First aid kits are stored in:

- The Office
- All Classrooms
- The Music Room
- The Staff Room
- The Forest School

Record-keeping and reporting

- Incident Logs will be completed by the member of staff witnessing or being communicated with, on the same day or as soon as possible after an incident resulting in an injury.
- As much detail as possible should be supplied when reporting an accident.
- Records held in the Accident File will be taken to office and uploaded onto Scholar Pack for monitoring. Forms are regularly scanned and stored electronically and kept by the school for a minimum of 3 years, in accordance with regulation 25 of the Social Security (Claims and Payments) Regulations 1979, and then securely disposed of.

Reporting to the HSE

The staff member will keep a record of any accident which results in a reportable injury, disease, or dangerous occurrence as defined in the RIDDOR 2013 legislation (regulations 4, 5, 6 and 7).

The Head teacher will report these to the Health and Safety Executive and the Local Authority as soon as is reasonably practicable and in any event within 10 days of the incident.

Reportable injuries, diseases or dangerous occurrences include:

- Death

Specified injuries, which are:

- Fractures, other than to fingers, thumbs and toes
- Amputations
- Any injury likely to lead to permanent loss of sight or reduction in sight
- Any crush injury to the head or torso causing damage to the brain or internal organs
- Serious burns (including scalding)
- Any scalping requiring hospital treatment
- Any loss of consciousness caused by head injury or asphyxia

- Any other injury arising from working in an enclosed space which leads to hypothermia or heat-induced illness, or requires resuscitation or admittance to hospital for more than 24 hours
- Injuries where an employee is away from work or unable to perform their normal work duties for more than 7 consecutive days (not including the day of the incident)
- Where an accident leads to someone being taken to hospital
- Near-miss events that do not result in an injury, but could have done.

Examples of near-miss events relevant to schools include, but are not limited to:

- The accidental release or escape of any substance that may cause a serious injury or damage to health
- An electrical short circuit or overload causing a fire or explosion
- Notifying parents

The office will inform parents of any accident or injury sustained by a pupil, and any first aid treatment given, on the same day, or as soon as reasonably practicable.

Reporting to Ofsted and child protection agencies

- The Head Teacher will notify Ofsted of any serious accident, illness or injury to, or death of, a pupil while in the school's care, see below. This will happen as soon as is reasonably practicable, and no later than 14 days after the incident.
- The Head Teacher will also notify the local child protection agencies of any serious accident or injury to, or the death of, a pupil while in the school's care.

Ofsted must be informed of the following:

- Anything that requires resuscitation
- Admittance to hospital for more than 24 hours
- A broken bone or fracture
- Dislocation of any major joint, such as the shoulder, knee, hip or elbow
- Any loss of consciousness
- Severe breathing difficulties, including asphyxia
- Anything leading to hypothermia or heat-induced illness
- Penetrating injury to the child's eye
- Chemical or hot metal burn to the child's eye
- Any loss of sight, whether it is temporary or permanent

Training

- All school staff are able to undertake first aid training if they would like to.
- All first aiders must have completed a training course, and must hold a valid certificate of competence to show this. The school will keep a register of all trained first aiders, what training they have received and when this is valid until.
- Staff are encouraged to renew their first aid training when it is no longer valid.
- At all times, at least 2 staff members per phase group will have a current paediatric first aid (PFA) certificate which meets the requirements set out in the Early Years Foundation Stage statutory framework and is updated at least every 3 years.
